think that because your stomach can digest food you are proof against indigestion. The most important digestive work is done by the bowels, liver and kidneys. Unless these are active and work in harmony, you are in danger of self-poisoning.

help the bowels to functionate properly, and influence the liver and kidneys to act very efficiently.

Our Savings Department makes an ideal place to invest saved dollars, be the amout small or large. It pays four per cent, on the investment, which is free of local taxes. Also the investor makes a connection which may be of much value. The money invested here is ready when needed, payable one hundred cents on a dollar. An increasing number of Bennington people are inventing their saved dollars with us. It means more successes. Ask us about it.
